

Permit-Required Confined Space Reclassification Form

A Permit-Required Confined Space may be reclassified as a non-permit confined space if:

- 1. The space does not contain actual or potential atmospheric hazards; and
- 2. All hazards may be eliminated without entry into the space.

The reclassification is valid only while the confined space remains free from hazards. If hazards arise during the course of entry, the space must be evacuated immediately and re-evaluated for hazards.
