    - 702-895-4226
  - Waste needs to be properly contain and secure

---

This guideline is to help staff members determine who to contact if they encounter a situation where blood, vomit, urine, feces, are involved. The waste generated can be managed as regular trash. **Unless** the area is deemed a crime or trauma scene (for example: homicide, suicide, major accident, workplace violence). As well as, If the waste is determined to be a Regulated Medical Waste by RM&S, it cannot go in the regular trash either. The diagram above will aid you in managing bodily waste properly.
