New Required Training: 
State Owned Vehicle Use

The State of Nevada requires mandatory training for any person who operates a state owned vehicle. Therefore, anyone who drives an institution owned vehicle will be required to undergo this training per S.A.M.0521. RMS will provide free training to meet this requirement. Additional options to meet this requirement can be found at: http://rms.unlv.edu/insurance-and-claims/vehicle/

Please contact Julie Moos, RMS Safety Training Specialist at (702) 895-4226 or Julie.moos@unlv.edu to schedule your class.

VEHICLE USE & SAFETY PROGRAM

The RMS Vehicle Use and Safety Program is a guide for users who drive a vehicle for the business of their institution. Users may need to operate a State of Nevada owned, rented, loaned or borrowed, and their personal vehicle as part of their job duties.

Introduction:
The Rebel Risk Advisor will provide timely information to various stakeholders throughout the campuses about risk and safety topics issued every other month.

Special points of interest:
• RMS coordinates with Planning & Construction and Facilities Management to ensure projects are being undertaken in a safe manner.
• Include RMS early in the process to support your event, project, or general risk concern.
• A map of AED’s on campus can be found at: http://rms.unlv.edu/fire-and-life/aed/

Meet the Staff:

Brian Rowsell is the Radiation Safety Officer for RMS and has been with UNLV for over 20 years. Brian has over 35 years experience in the field of radiation safety. Brian provides guidance to researchers who use radioactive materials or radiation producing devices for their research.

GOT COLD FEET?

Winter is here (even in Las Vegas). With the recent change in temperature, you may be considering to bring in a floor heater to your work station. Please abide by the following guidelines:

⇒ UL tested and approved
⇒ Tip over shut off safety switch
⇒ 3 ft. from any combustibles
⇒ Plugged directly into wall
⇒ Must be on level surface

Marcus Civin
School of Fine Arts

Marcus was chosen as the RMS Safety Award recipient for this period due to his cooperation with RMS identifying and resolving safety items of concern to provide a safe environment for students, employees and property. Thank you Marcus!!

RMS staff touring Nellis Air Force Base to review their operations and to enhance the community partnership and outreach.
